

## Firmware Upgrade (For Pro/Tour)

1. Plug in your GolfBuddy Pro/Tour into the computer using the provided USB cable. Be sure you have a good internet connection.

2. Open the GolfBuddy Course Manager. Log in using your username and password. \**If you have not downloaded the Course Manager or created an account with a username and password, refer to* **How to download courses**\*

2. Click on the *Device* tab. If there is not a device being recognized, press the *Sync with GolfBuddy* button. In the upper right hand corner, there is a box to the left of the "minimize" and "close" buttons. Click that button and scroll down to "Firmware Upgrade". Click that, and before you begin the firmware
